## SUMMARY

I am Om Rajgure, a passionate fresher with a strong foundation in HTML, CSS, and JavaScript. With a keen interest in front-end development, I have acquired proficiency in React, enabling me to create engaging and responsive user interfaces. I am adept at version control with Git and have a fundamental understanding of RESTful APIs. Eager to contribute my skills and learnings to a collaborative team environment, I am committed to continuous growth and staying abreast of emerging technologies in the ever-evolving field of web development.

## SKILLS

**Languages:** HTML, CSS, JavaScript, Java

**Technologies / Frameworks:** React, Bootstrap, REST API, GIT, Material UI

## PROJECTS

React	<b>Qkart</b> Developed QKART, a dynamic e-commerce web application using React. Designed and implemented responsive user interfaces for seamless customer experiences. Leveraged React and REST API to create a dynamic and user-friendly online shopping platform.	<b>Project link</b>
React	<b>Film frontier 100</b> Built FilmFrontier100, a React-based web application showcasing the top 100 movies or series. Implemented advanced features such as filter functionality and search, enhancing user experience. Utilized REST API integration for real-time data updates. Demonstrated proficiency in React and front-end development to deliver an interactive and visually appealing platform for movie enthusiasts	<b>Project link</b>
HTML,CSS, Javascript	<b>QTrip-Dynamic</b> Developed a dynamic travel portal using HTML, CSS, JavaScript, and Bootstrap. Implemented responsive design for seamless user experience across devices. Integrated advanced filtering functionality to enhance user search and navigation. Demonstrated proficiency in front-end technologies for an engaging and interactive user interface.	<b>Project link</b>
HTML,CSS, Bootstrap	<b>QTrip-Static</b> Designed and developed a static travel website using HTML, CSS, and Bootstrap. Ensured full responsiveness for optimal user experience across various devices. Demonstrated proficiency in front-end technologies to create an aesthetically pleasing and user-friendly interface.	<b>Project link</b>
